

	<b>Varsity</b>	<b>Varsity/JV</b>	<b>JV</b>	<b>JV/Reserve</b>	<b>Reserve</b>
<b>Points</b>	<b>5</b>	<b>4</b>	<b>3</b>	<b>2</b>	<b>1</b>
<b>First Touch</b>	Ball moved to position of attack/shielded with 1 touch	Ball held at foot, 1-2 touches to control	Ball contained to within 2 ft 2 touches to control	Ball contained to 1-3 step area, 2-3 touches to control	Ball not contained in 3+ step area, more than 3 touches to control
<b>Passing</b>	Ball is placed accurately with proper pace both on the ground and through the air using multiple surfaces of both feet	Ball is accurately played with correct pace on the ground with multiple surfaces of both feet. Air balls are accurate with one foot.	*Accuracy is usually within a step. *Balls played on ground with multiple surfaces of 1 foot and the instep of the other.(1 foot dominate) *Pace becomes inconsistent *Air balls are consistantly within 3 steps.	Accuracy is typically within a step for balls on the ground. Balls are played with a dominate foot and player uses a dominate surface(l.e. instep more than others). Pace is inconsistent and may be in appropriate. Air balls may be inconsistent	Accuracy is inconsistent. Pace is not appropriate. Plays with only one foot with little variety in surface used. Air balls are inconsistent.
<b>Receiving Surfaces include: head, chest, thigh, foot.</b>	Player can effectively use all 4 surfaces of body to trap and/or deliver a ball.	Player can effectively use all 4 surfaces but has some inconsistencies	Player has inconsitancies in using all 4 surfaces to trap/deliver a ball.	Player effectively uses 3 surfaces to trap/deliver a ball	Player demonstrates inconsistency in trapping/delivering in using 3 surfaces
<b>Dribble</b>	Player is confident dribbling with both. Can use the dribble to escape/avoid pressure	Player can dribble with both feet. Can use dribble to escape/avoid pressure. Lacks confidence	Player dribbles confidently with one foot. Can on occasion use dribble to escape/avoid pressure.	Player dribbles with one foot. May demonstrate some trouble dribbling to escape/avoid pressure.	Player has difficulty dribbling consistantly. Typically has trouble using dribble to escape/avoid pressure.
<b>Shooting</b>	Player can use proper form and both feet to place a powerful shot in a specific place. Consistantly makes PK.	Player can use proper form and one foot to place a powerful shot in a specific place. Consitanly makes PK.	Player may struggle with proper form. Can use one foot to place shot in goal.	Player struggles with proper form. Can use one foot to place a powerful shot on goal.	Player has major struggles with proper form. Can use one foot to make a weak shot at goal.
<b>Tactics</b>	Player makes split second offensive and defensive choices that consistantly result in a breakdown for the opposition. Directs others into correct tactical choices.	Player makes quick choices offensively and defensively choices that may result in break downs for the opposition.	Player makes moderately quick offensive and defensive choices that typically result in maintaining our current situation(no better no worse)	Player makes slow decisions. Offensive and defensive choices may maintain our position but may also result in break down for our team.	Player does not make choices in effective time. Offensive and Deffensive choices typically result in break down for our team.
